

Do you need a Call Recording Service that provides you with service metrics ?

CallMyWay offers **Call Recording®**, a service that allows you to search your recorded audios through a web interface, listen and rate them.

BENEFITS

What and when to record

You decide what you want to record and when. The service is activated and deactivated for the extensions you want to record.

Security

For traceability and security purposes, a history of tags and downloads are stored.

FEATURES

CallMyWay® offers plans that include the **Call Recording®** service through an intuitive web interface that allows you to: search for a recorded call, listen to it, add comments and rate it.

Online storage

Our servers store call recording history, and related downloads online.

Service customization

Select the extension whose calls you need to record.

Immediate Availability

The recordings are available online immediately after the call ends.

Intuitive Platform

You can assign a comment and/or score to each call you listen to on our platform.
